EDS Inventory Stock Take

- 5.7 On (or, if agreed by the Parties, whether or not in writing, the Business Day immediately preceding or immediately following) the Completion Date, the Seller in the presence of the Purchaser's Representatives shall carry out a stock-take of the EDS Inventory in accordance with this Clause 5.7 which shall (in the absence of manifest error) be final and binding on the Parties as to the volume and description of the EDS Inventory as at Completion (the "**Stock Take**"). The Stock Take shall: (a) include plant spares and consumables relating to the EDS Business; and (b) be carried out in a manner consistent with the Seller's past practice for verifying the EDS Inventory position of the Seller, including by means of physical sample stock checks of selected items of EDS Inventory in the same manner and to substantially the same extent as has been undertaken to verify the relevant EDS Inventory position of the Seller consistent with the Seller's past practice.

6. POST-COMPLETION ADJUSTMENT

- 6.1 The Purchase Price shall be determined following Completion in accordance with this Clause 6 (*Post-Completion Adjustment*). The Purchase Price shall be equal to the Estimated Purchase Price plus any additional payments required to be made by the Purchaser pursuant to Clauses 6.7.1, 6.7.3 and 6.7.6, and minus any payments or repayments required to be made by the Seller pursuant to Clauses 6.7.2, 6.7.4 and 6.7.5.
- 6.2 The Seller shall, as soon as practicable following the Completion Date but in any event no later than thirty (30) Business Days following the Completion Date, prepare:
- 6.2.1 a draft of the Inventory Statement to be prepared in the form set out in Part I (*Pro Forma Inventory Statement*) of Schedule 11 (*Pro Forma Statements*) based on the volume and description of EDS Inventory as recorded as part of the Stock Take and otherwise in accordance with the Accounting Principles (the "**Draft Inventory Statement**");
- 6.2.2 a draft of the Net Receivables Statement to be prepared in the form set out in Part III (*Pro Forma Net Receivables Items Statement*) of Schedule 11 (*Pro Forma Statements*) and in accordance with the Accounting Principles (the "**Draft Net Receivables Statement**");

- 6.2.3 a draft of the Debt-Like Items Statement to be prepared in the form set out in Part V (*Pro Forma Debt-Like Items Statement*) of Schedule 11 (*Pro Forma*

Statements) and in accordance with the Accounting Principles (the “**Draft Debt-Like Items Statement**”);

- 6.2.4 a draft of the Net Intercompany Statement to be prepared in the form set out in Part II (*Pro Forma Net Intercompany Statement*) of Schedule 11 (*Pro Forma Statements*) and in accordance with the Accounting Principles (the “**Draft Net Intercompany Statement**”);

and deliver the Draft Statements, all relevant calculations, analysis and other working papers to the Purchaser. In order to enable the preparation and determination of these documents, the Purchaser shall, and shall procure that the relevant members of the Purchaser’s Group shall, ensure that all Books and Records relating to the EDS Business are kept up-to-date and shall provide to the Seller and its Representatives such reasonable access to the Books and Records of each of the EDS Entities and relevant personnel (including the accountants or other service providers of each of the EDS Entities) as the Seller or its Representatives shall reasonably require, within working hours at the place where such Books and Records and the relevant personnel are located and without disruption to the EDS Business, and shall generally cooperate with the Seller’s Representatives with regard to the preparation and determination of the Draft Statements.

Within thirty (30) Business Days after the Purchaser has received the Draft Statements, the Purchaser will notify the Seller in writing whether, based on such review, it has any objections to the Draft Statements (the “**Objections Statement**”). For each item disputed, the Objections Statement must include reasonable details of the specific items that are not accepted, the original amounts for these, the adjustment, as well as the adjusted amount according to the Purchaser, all summarised and presented in similar formats as the relevant Draft Statement to which it relates. The Purchaser shall not propose adjustments to any line items in any of the Draft Statements to the extent that such adjustments involve a judgment as to the future earnings potential, prospects or feasibility of the EDS Business or other aspects of a forward-looking nature, provided that such judgment is consistent with past practice in determining the relevant line items in the relevant Draft Statements.
- 6.4 If the Purchaser does not deliver an Objections Statement in accordance with Clause 6.3, the Draft Inventory Statement shall become the Inventory Statement, the

Draft Debt-Like Items Statement shall become the Debt-Like Items Statement, the Draft Net Receivables Statement shall become the Net Receivables Statement, the Draft Net Intercompany Statement shall become the Net Intercompany Statement, the Draft Working Capital Statement shall become the Working Capital Statement and the Draft Purchase Price Statement shall become the Purchase Price Statement and each shall be final and binding on the Purchaser and the Seller for the purposes of this Agreement.

- 6.5 If the Purchaser delivers an Objections Statement in accordance with Clause 6.3, then the Seller shall have fifteen (15) Business Days from its receipt of the Objections Statement to review and respond to the Objections Statement, and:
- 6.5.1 the Seller may, at its election, designate all or part of the line items in the Draft Statements that are not included in the Objections Statement as final and binding on the Parties for all purposes;
- 6.5.2 the Seller and the Purchaser shall negotiate in good faith with a view to resolving the issues in dispute and accordingly to agree on each Draft Statement within forty-five (45) Business Days following receipt of the Objections Statement. If the Purchaser and the Seller reach agreement on each Draft Statement within such forty-five (45) Business Day period, the Draft Statements (as adjusted in accordance with the agreement so reached) shall become the Inventory Statement, the Debt-Like Items Statement, the Net Receivables Statement, the Net Intercompany Statement, the Working Capital Statement or the Purchase Price Statement, as the case may be, and shall be final and binding on the Purchaser and the Seller for the purposes of this Agreement; and
- 6.5.3 no adjustment with respect to any line item included in the Draft Statements shall be made unless (i) the aggregate adjustment amount for all items in such Draft Statement agreed or resolved in accordance with this Agreement exceeds EUR 50,000 (fifty thousand euros), and (ii) the aggregate net adjustment amount for all Draft Statements exceeds EUR

250,000 (two hundred and fifty thousand euros), in which case the aggregate net adjustment amount, and not just the excess over EUR 250,000 (two hundred and fifty thousand euros), shall be adjusted.

- 6.6 If the Purchaser and the Seller do not reach agreement on the Draft Statements within such forty-five (45) Business Day period, then any Party may refer the matters still in dispute (but not, for the avoidance of doubt, any other matters which have been agreed in writing between the Seller and the Purchaser) to PricewaterhouseCoopers, failing which an internationally reputable accountancy firm independent from the Parties and appointed upon application of either the Seller or the Purchaser by the President for the time being of the Institute of Chartered Accountants of England and Wales who in making such determination shall act as expert (the “**Expert**”). 46

Principles and taking into account the arrangements among the Parties in this Agreement, and to notify the Purchaser and the Seller of its determination in writing. For such purpose, each of Seller and the Purchaser shall provide to the Expert reasonable access to such documents, Books and Records and relevant personnel of the Seller’s Group or Purchaser’s Group (as the case may be) as the Expert shall reasonably request. The fees, costs and expenses of the Expert shall be allocated to and borne by the Purchaser and the Seller based on the inverse percentage that the Expert’s determination (before such allocation) bears to the total amount of the total items in dispute as originally submitted to the Expert (for example, should the items in dispute total in amount to US\$1,000 and the Expert awards US\$600 in favour of the Seller’s position, 60% of the costs of its review would be borne by the Purchaser and 40% of the costs would be borne by the Seller). The Draft Inventory Statement (as adjusted in accordance with the determination of the Expert and any other agreements in writing previously reached between the Seller and the Purchaser) shall become the Inventory Statement, the Draft Debt-Like Items Statement (as adjusted in accordance with the determination of the Expert and any other agreements in writing previously agreed between the Seller and the Purchaser) shall become the Debt-Like Items Statement, the Draft Net Intercompany Statement (as adjusted in accordance with the determination of the Expert and any other agreements in writing previously reached between the Seller and the Purchaser) shall become the Net Intercompany Statement, the Draft Working Capital Statement (as adjusted in accordance with the determination of the Expert and any other agreements in writing previously reached between the Seller and the Purchaser) shall become the Working Capital Statement and the Draft Purchase Price Statement (as adjusted in accordance with the determination of the Expert and any other agreements in writing previously reached between the Seller and the Purchaser) shall become the Purchase Price Statement and each shall be final and binding on the Purchaser and the Seller for the purposes hereof.

- 6.7 Within five (5) Business Days following the agreement or determination of the Inventory Statement, the Debt-Like Items Statement, the Working Capital Statement and the Purchase Price Statement pursuant to this Clause 6 (*Post-Completion Adjustment*):
- 6.7.1 if the Completion Inventory Amount exceeds the Estimated Inventory Amount, the Purchaser shall pay to the Seller an amount equal to the aggregate amount of such excess;
- 6.7.2 if the Completion Inventory Amount is less than the Estimated Inventory Amount, the Seller shall pay to the Purchaser an amount equal to the aggregate amount of such shortfall;
- 6.7.3 if the Completion Debt-Like Items Amount (expressed as an absolute value) exceeds the Estimated Debt-Like Items Amount (expressed as an absolute value), the Purchaser shall pay to the Seller an amount equal to the aggregate amount of such excess;
- 6.7.4 if the Completion Debt-Like Items Amount (expressed as an absolute value) is less than the Estimated Debt-Like Items Amount (expressed as an absolute value), the Seller shall pay to the Purchaser an amount equal to the aggregate amount of such shortfall;

47

- 6.7.5 if the Completion Working Capital Amount is a higher number than the Estimated Working Capital Amount, the Purchaser shall pay to the Seller an amount equal to the difference between the Estimated Working Capital Amount and the Completion Working Capital Amount;

in each case by electronic transfer for same-day value and in cleared funds, in US Dollars, in accordance with Clause 6.10. To the extent applicable, the payments to be made pursuant to this Clause 6.7 shall be aggregated and discharged by way of set-off against each other, but not against any other claims or payments.

- 6.8 Within five (5) Business Days following the agreement or determination of the Net Intercompany Statement pursuant to this

Clause 6 (*Post-Completion Adjustment*):

6.8.1 with respect to the settlement of the Net Intercompany Amount:

- (b) the Purchaser shall procure that each of the EDS Entities settles the aggregate Intercompany Debt Amount, as it appears in the Net Intercompany Statement, due by the relevant EDS Entity to the relevant members of the Seller's Group as at the Completion Date such that the full Intercompany Debt Amount is settled;

6.8.2 with respect to the Purchase Price:

- (a) if the Net Intercompany Amount as it appears in the Net Intercompany Statement is a net payment by the EDS Entities to the members of the Seller's Group, the Seller shall pay to the Purchaser an amount equal to the Net Intercompany Amount; and
- (b) if the Net Intercompany Amount as it appears in the Net Intercompany Statement is a net receivable by the EDS Entities from the members of the Seller's Group, the Purchaser shall pay to the Seller an amount equal to the Net Intercompany Amount,

and the Purchase Price shall be deemed to be adjusted accordingly. For the avoidance of doubt, no payment in relation to the Transferring Intercompany Receivables shall be made by either Party.

6.10 The Seller hereby instructs the Purchaser, and the Purchaser agrees to pay, the amount due to the Seller (if any) in accordance with Clauses 6.7 and/or 6.8 directly into the Seller's Nominated Account. The Purchaser hereby instructs the Seller, and the Seller agrees to pay, the amount due to it (if any) in accordance with Clauses 6.7 and/or 6.8 directly to the Purchaser's Nominated Account.

or fees will then be at the sole cost of such Party making such agreement or commitment.

- 15.12 To the extent that any counterparty violates or otherwise breaches any Shared Business Contract prior to the Completion Date, and such violation or other breach gives rise to the right of any member of the Seller Group that is a party thereto to asserts any Action

against such counterparty, the Purchaser may, from and after Completion, elect to give notice of such fact to the Seller, in which event the Purchaser and the Seller will negotiate in good faith to determine (i) whether and how to proceed with such Action against such counterparty, and (ii) how to allocate the costs of pursuing such cause of Action and any benefits that might arise from such Action. It is the intent of the Parties that, in respect of such Shared Business Contract, the costs of pursuing, and the benefits arising from, such Action will be allocated between the Purchaser and the Seller in a manner proportionate to the recoverable damages incurred by the EDS Business, on the one hand, and the Retained Business, on the other hand.

Proposed Transaction Structure

- 15.13 The Parties agree that, if due to a change in Law occurring after Signing, the Seller believes it is preferable to vary the structure of the Transaction to Convey the EDS Business, the EDS Shares, the EDS Assets or EDS Liabilities to the Purchaser in a manner other than as set out in this Agreement, or to vary the steps set out in Schedule 5, the Seller may, subject to Clause 15.14, propose to implement the Transaction, or the Disentanglement, respectively, in any alternative manner on which Seller and Purchaser agree (each acting reasonably) and which each Party considers to be appropriate, **provided that** the outcome of the Transaction, or the Disentanglement, respectively, remains at least economically equivalent for the Purchaser on an after-Tax basis as in the case of the Conveyance, or the Disentanglement, respectively, as set out in this Agreement (disregarding for the purpose of this comparison the availability of any Reliefs).
- 15.14 If Seller wishes to make any variations under Clause 15.13, Seller shall notify the Purchaser immediately, and shall consult fully with the Purchaser in connection therewith.
- 15.15 If the Purchaser wishes to assume some or all of the Net Intercompany Amount on Completion then the Parties shall discuss such assumption in good faith.

16. POST-COMPLETION OBLIGATIONS AND COVENANTS

Insurance Matters

- 16.1 The Purchaser acknowledges and agrees that with effect from Completion all Insurances, shall be terminated or shall no longer provide coverage to or with respect to the EDS Business, the EDS Entities, the EDS Assets or the EDS Liabilities for any events, occurrences or accidents occurring prior to, on or after Completion, and no third party or member of the Seller's Group shall have any liability or responsibility for any such events, occurrences or accidents under such policies occurring prior to, on or after Completion, except that the Seller shall procure that to the extent that events, occurrences or accidents having an impact on the EDS Business or the EDS

Entities or the EDS Assets or EDS Liabilities occur prior to Completion which are covered by any such Insurances maintained by any member of the Seller's Group, the Seller shall (i) use its commercially reasonable efforts to pursue and collect claims arising prior to the Completion for coverage for Losses with respect to the EDS Business, the EDS Entities, the EDS Assets or the EDS Liabilities, if and to the extent Seller would pursue such claims pursuant to its internal policies and procedures had Completion not occurred, (ii) keep Purchaser reasonably apprised of developments concerning such claims, and (iii) procure that to the extent possible claims under such policies are filed for the benefit of the EDS Business and the EDS Entities and the Seller shall procure that the net proceeds received under any such policies are paid without delay to the relevant members of the Purchaser's Group net of any reasonable external costs and administrative expenses.

Seller's Group Supply Arrangements

- 16.2 The Purchaser acknowledges and agrees that, save to the extent specifically agreed in the Transaction Documents, with effect from Completion no member of the Purchaser's Group will benefit from any group arrangements made by the Seller's Group with any suppliers of any goods or services.

Access to Books and Records

- 16.3 Notwithstanding any other provision of this Agreement, the Purchaser agrees that it will cause the members of the Purchaser's Group, and their respective directors and employees, to (and will use its commercially reasonable efforts to procure that its auditors will):
- 16.3.1 retain, in accordance with mandatory Law and the record retention practice of the Seller's Group in effect at the Completion Date, all Books and Records in their possession or under their control and relating to the affairs of the EDS Business and of the EDS Entities, the EDS Assets and EDS Liabilities in the period prior to Completion, so that at any time such records pertaining to the past seven (7) years (or longer, if required by Law or to substantiate any Tax position) are retained;
- 16.3.2 maintain the Business Data in its original format; and
- 16.3.3 at the request of the Seller and at its sole expense, give the Seller and/or any of its Representatives reasonable access to such Books and Records so retained and reasonable access to the directors and employees of the Purchaser's Group (including the right to view, download and make copies of any relevant information) in order to provide the Seller with information concerning the operation and conduct of the EDS Business and the EDS Entities, the EDS Assets and EDS

Liabilities prior to the Completion Date as may reasonably be required to enable the Seller's Group to satisfy its accounting (including for IAS12 purposes), litigation or Tax obligations; any access pursuant to any Third Party Claim shall be dealt with exclusively through the provisions of Schedule 8 (*Limitation of the Seller's Liability*) and not this Clause 16.3.3.

For the avoidance of doubt, if any part of the EDS Business is sold, divested, liquidated or ceased by any member of the Purchaser's Group during the above-

76

mentioned period, the Purchaser shall, to the extent reasonably practicable, procure that it shall retain all information referred to in Clause 16.3.1 relating to the sold, divested, liquidated or ceased EDS Business or otherwise retained and made available to the Seller for purposes of this Clause 16.3 and Clause 16.5.

- 16.4 Within the same time period as prescribed in Clause 16.3, the Purchaser shall not, and shall procure that no member of the Purchaser's Group shall, modify, adapt, reconfigure or otherwise change the format of the Business Data relating to the period prior to the Completion, without the prior written consent of the Seller, which consent may not be unreasonably withheld or delayed, **provided, however, that** the Parties acknowledge that the Seller may withhold its consent if such modification, adaptation, reconfiguration or change of the format of the Business Data could result in the Business Data relating to the period prior to the Completion Date no longer being capable of being reasonably retrieved, accessed or processed by the Seller's Group's Business Data systems. If compliance with this obligation will reasonably require any member of the Purchaser's Group to incur any expense over and above what it would usually incur in relation to its own business accounting infrastructure, such costs shall be reimbursed to the Purchaser by the Seller.
- 16.5 The Seller agrees that it will cause the members of the Seller's Group and their respective directors and employees to (and will use its commercially reasonable efforts to procure that its auditors will):
- 16.5.1 retain, in accordance with mandatory Law and the record retention practices in place within the Seller's Group at the Completion Date, all Books and Records in their possession or under their control and relating to the affairs of the EDS Business and of the EDS Entities, the EDS Assets and EDS Liabilities in the period prior to Completion, so that at any time such records pertaining to the past seven (7) (or longer, if required by Law) are retained;
- 16.5.2 grant the Purchaser or a Governmental Authority direct access to the Business Data relating to the period prior to the Completion Date (including the right to view, download and make copies thereof) all at the Seller's expense and only to the extent that such access is reasonably required in connection with any Tax matters or any other legal, regulatory, administrative or other Proceedings in which the Seller may become involved;
- 16.5.3 at the request of the Purchaser, and at its sole expense, give the Purchaser and/or any of its Representatives reasonable access to such Books and Records so retained and reasonable access to the directors and employees of the Seller's Group (including the right to view, download and make copies of any relevant information) in order to provide the Purchaser with information concerning the operation and conduct of the EDS Business and the EDS Entities, the EDS Assets and EDS Liabilities as may reasonably be required to enable the Purchaser's Group to satisfy its accounting (including for IAS12 purposes), litigation or Tax obligations; and
- 16.5.4 at the request of the Purchaser, and at its sole expense, give the Purchaser and/or any of its Representatives reasonable access to such Books and Records so retained (including the right to view, download and make copies of any relevant information) in order to provide the Purchaser with EHS and

77

Regulatory Information concerning the operation and conduct of the EDS Business and the EDS Entities, the EDS Assets and EDS Liabilities as may reasonably be required by the Purchaser.

- 16.6 The obligations set out in Clauses 16.3 to 16.5 are subject to the provisions of Clause 18 (*Announcements and Confidentiality*).

Non-Compete

- 16.7 The Seller undertakes to the Purchaser that it will not, and that it will ensure that each member of the Seller's Group will not, for a period of five (5) years starting on the Completion Date, either alone or jointly with others, directly or indirectly whether for the account of the Seller or any member of the Seller's Group or on behalf of or through any other persons, and in whatever capacity, directly or indirectly incorporate, establish, own, operate, manage, control, engage in or carry on a business that competes in the Territory with the EDS Business by:

16.7.1 the manufacturing and producing of EDS Products; and/or

16.7.2 the selling and marketing of EDS Products,

(a "Competing Business").

16.8 Notwithstanding the foregoing, the restrictions in Clause 16.7 shall not prevent:

16.8.1 any member of the Seller's Group from:

- (a) holding not more than five (5) percent of the issued share capital of any company whose shares are listed on a recognised stock exchange;
- (b) acquiring at any time after the Completion Date any assets, business or shares of another entity which may be engaged in a competing business as described in Clause 16.7 so long as such entity or business is not significantly engaged in a competitive business restricted by the terms of Clause 16.7. For the purpose of this Clause (b), an entity or business shall be deemed to be "significantly engaged" in a competitive business where in the financial year preceding such acquisition by any member of the Seller's Group twenty (20) percent or more of its annual revenue derives from such a competitive business;
- (c) manufacturing and producing EDS Products in the Territory for internal use by the Seller's Group; **provided that** any such EDS Product does not constitute the predominant component of a subsequent downstream product that competes with any EDS Product;
- (d) manufacturing, producing, marketing and selling of Shared Products in the Territory under trademarks that are not EDS Trademarks;
- (e) manufacturing, producing, marketing and selling in the Territory of products which are the subject of any of the Toll Manufacturing Agreements or the Exclusive Product Sales Agreement; or

78

- (f) carrying out any of the activities otherwise restricted by Clause 16.7 in South Africa insofar as such activities relate to the mining sector (including, for the avoidance of doubt, in respect of the sale of products into South Africa for use in the mining industry); or

16.8.2 an independent third party or its Affiliates which carries on a competing business (a "**Seller Acquirer**") as described in Clause 16.7 acquiring all or part of the shares, stocks, interests, securities or business of any member of the Seller's Group and continuing to carry on such competing business without restriction; **provided that** such Seller Acquirer does not use the Know-How of the Seller's Group as at Completion to carry on a Competing Business.

16.9 The Purchaser undertakes to the Seller that it will, and that it will ensure that each member of the Purchaser's Group will, to the extent permissible under the Law, adhere to the restrictions on certain commercial activities of the EDS Entities contained in the Wilmar SPA to the extent set out in Schedule 30 (*Restrictions on certain Commercial Activities*) for a period starting on the Completion Date until 25 June 2019.

Non-Solicitation

16.10 The Seller undertakes to the Purchaser for itself and (as agent and trustee) for each of the members of the Purchaser's Group that no member of the Seller's Group shall (whether alone or in conjunction with, or on behalf of, another person and whether directly or indirectly) during the period from the date of this Agreement until the date which is two (2) years after the date of Completion, either alone or jointly with others, directly or indirectly, whether for their own account or otherwise and in whatever capacity employ or solicit the employment of any of the employees employed by the EDS Business, except as a result of placing general solicitation advertisements (including without limitation, general recruitment efforts conducted by any recruitment agency), in each case not specifically targeted at such employees.

16.11 The Purchaser undertakes to the Seller for itself and (as agent and trustee) each of the members of the Seller's Group that no member of the Purchaser's Group shall, during the period from the date of this Agreement until the date which is two (2) years after Completion, without the prior consent of the Seller, either alone or jointly with others, directly or indirectly, whether for its own account or otherwise and in whatever capacity employ or solicit the employment of any of the employees employed by the Retained Business, except as a result of placing general solicitation advertisements (including without limitation, general recruitment efforts conducted by any recruitment agency), in each case not specifically targeted at any director, officer or employee.

Release of Security

16.12 The Seller shall use commercially reasonable efforts to procure the registration or recordation (as applicable) of the release of the security over the EDS Patents, the EDS Trademarks and the EDS Copyrights which are subject to a security interest granted to JPMorgan on or prior to the Completion Date but shall in any event procure that such registration or recordation be effected within 30 Business Days following Completion.

79

17. **EMPLOYEES AND PENSION**

- 17.1 The provisions of Schedule 25 (*Employee Matters*) shall apply in respect of EDS Employees and employees of the Retained Business.
- 17.2 The provisions of Schedule 26 (*Pension Plans*) shall apply in respect of the Pension Plans.

18. **ANNOUNCEMENTS AND CONFIDENTIALITY**

Announcements

- 18.1 Subject to Clause 18.6, each Party undertakes to the other that it and its respective Affiliates will not make or issue any public announcement, circular or other public communication in connection with the existence or the subject matter of announcement concerning this Agreement, the Transaction, any Transaction Documents or any ancillary matter before, on or after Completion, without the prior written approval of the Purchaser (in case of any public announcements, circulars or other public communications by the Seller or its Affiliates) or the Seller (in case of any public announcement, circular or other public communication by the Purchaser or its Affiliates), which approvals shall not be unreasonably or untimely withheld, **provided that** the Seller and its Affiliates and the Purchaser and its Affiliates shall be entitled to make such public announcement, circular or other public communication as it deems reasonably required or advisable to (i) comply with applicable Law, the rules of any officially recognised exchange on which the securities of the Seller or any of its Affiliates or Purchaser or any of its Affiliates are listed or a binding decision of a court or another Governmental Authority.
- 18.2 The press release to be issued by the Seller's Group in respect of the signing of this Agreement and the press release to be issued by the Purchaser's Group in respect of the signing of this Agreement shall be in the agreed form.

Insider Rules

- 18.3 The Parties acknowledge that (i) the shares of the Seller's ultimate parent company Huntsman Corporation is listed on the New York Stock Exchange and the Purchaser's ultimate parent company Innospec Inc. is listed on the NASDAQ Stock Market and (ii) the existence of the Transaction may be regarded as insider information as defined under United States securities Laws and undertake to:
- 18.3.1 advise themselves and their representatives of the applicable securities markets Laws and regulations and restrictions thereunder and refrain from, and to ensure that the persons to whom it is allowed to disclose information hereunder shall refrain from, acting in any manner that could breach such Laws and regulations; and
- 18.3.2 limit access to information in accordance with this Clause 18 (*Announcements and Confidentiality*) and ensure that the persons receiving information are advised of the obligations under the relevant securities Laws and regulations.

Confidentiality undertakings

- 18.4 Other than (with effect from Completion) in respect of any information for which the confidentiality obligations in any of the Ancillary Agreements apply and without prejudice to the terms of the Confidentiality Agreement, the Purchaser shall, and shall procure that:
- 18.4.1 each member of the Purchaser's Group shall keep strictly confidential all information provided to it by or on behalf of the Seller or any member of the Seller's Group or otherwise obtained by it or in connection with this Agreement, the Transaction, any Transaction Document or any ancillary matter which relates to the Seller or any member of the Seller's Group; and
- 18.4.2 if, after Completion, any member of the Purchaser's Group holds confidential information relating to the Seller or any member of the Seller's Group, each member of the Purchaser's Group shall not use such information and shall keep that information strictly confidential and, to the extent reasonably practicable, shall return that information to the Seller or, immediately upon the written instruction of the Seller and if reasonably practicable, destroy it, in each case without retaining copies (including copies in digital format), except that the relevant member of the Purchaser's Group may retain, subject to Clause 18.4.1, a copy of the confidential information for regulatory purposes and to the extent that such retention is required to demonstrate compliance with applicable Law, regulation or professional standards.
- 18.5 Other than (with effect from Completion) in respect of any information for which the confidentiality obligations in any of the Ancillary Agreements apply, the Seller shall, and shall procure that:
- 18.5.1 each member of the Seller's Group shall keep strictly confidential all information provided to it by or on behalf of the Purchaser or otherwise obtained by or in connection with this Agreement, the Transaction, any Transaction Document or any ancillary matter which relates to the Purchaser or member of the Purchaser's Group; and
- 18.5.2 if, after Completion, any member of the Seller's Group holds confidential information relating to the Purchaser or any member of the Purchaser's Group, each member of the Seller's Group shall not use such information and shall keep that information strictly confidential and, to the extent reasonably practicable, shall return that information to the Purchaser

or, immediately upon the written instruction of the Purchaser and if reasonably practicable, destroy it, in each case without retaining copies (including copies in digital format), except that the relevant member of the Seller's Group may retain, subject to Clause 18.5.1, a copy of the confidential information for regulatory purposes and to the extent that such retention is required to demonstrate compliance with applicable Law, regulation or professional standards.

18.6 Nothing in this Clause 18 (*Announcements and Confidentiality*) prevents any announcement being made or any confidential information being disclosed:

18.6.1 with the prior written approval of the other Party, which in the case of any announcement shall not be unreasonably withheld or delayed;

81

18.6.2 by the Seller or any other member of the Seller's Group to the EDS Employees and/or any of the employees of any member(s) of the Seller's Group or any of their respective works councils, trade unions or other representatives, in each case to the extent necessary for the Completion of the Transaction or to give effect to the Notification and Consultation Matters;

18.6.3 to the extent required by Law, a Tax Authority or any competent regulatory body (including any securities exchange) but a Party so required to disclose any confidential information shall promptly notify the other Party, where practicable and lawful to do so, before disclosure occurs, and cooperate with the other Party regarding the timing and content of such disclosure or any action which the other Party may reasonably elect to take to challenge the validity of such requirement; or

18.6.4 to customers, suppliers, investors or potential investors in the Seller's Group or the Purchaser's Group, respectively, and/or market analysts, in each case to the extent it relates to details of the nature of the Transaction provided that such details are not inconsistent with the press releases referred to in Clause 18.2 and provided, further, that such details shall not include price-sensitive information or information about the Purchase Price or warranties or indemnities provided by either Party.

18.7 Nothing in this Clause 18 (*Announcements and Confidentiality*) prevents disclosure or use of confidential information by any of the Parties:

18.7.1 to the extent that the information is in or comes into the public domain other than as a result of a breach of any undertaking or duty of confidentiality by that Party;

18.7.2 to that Party's professional advisers, auditors, providers of finance or bankers of any member of the Seller's Group or the Purchaser's Group, but before any disclosure to any such person the relevant Party shall procure that it is made aware of the terms of this Clause 18 (*Announcements and Confidentiality*) and shall procure that each such person adheres to those terms as if it were bound by the provisions of this Clause 18 (*Announcements and Confidentiality*);

18.7.3 to the extent permissible under the Transaction Documents; and

18.7.4 after Completion, in the case of the Seller or any member of the Seller's Group, to the extent pertaining to any Retained Asset (including Non-Exclusive Information) and, in the case of the Purchaser or any member of the Purchaser's Group, to the extent pertaining to any information or Know-How in respect of the EDS Assets.

19. COSTS

19.1 Except as otherwise provided in this Agreement or any other relevant Transaction Document, each Party shall pay its own costs relating to the negotiation, preparation, execution and completion by it of this Agreement and the transactions contemplated by this Agreement.

82

19.2 Subject only to Clause 14.3 up to 14.9 inclusive and Clause 19.3, but otherwise despite anything to the contrary, all:

19.2.1 transfer taxes, real estate transfer taxes and stamp duties on the entry into or performance of this Agreement or in respect of or in relation to or on the transfer of the EDS Assets, EDS Liabilities and/or EDS Shares to any Purchaser or Designated Purchaser;

19.2.2 notarial fees and expenses;

19.2.3 real estate and other registration and filing fees; and

19.2.4 all costs to perfect, register or enforce the Purchaser's ownership in and to the Intellectual Property transferred under this Agreement, and the licences granted under the Transitional Trademark Licence Agreement,

arising as a result of the entry into or implementation of this Agreement or of any of the other Transaction Documents, shall be borne and promptly paid by the Purchaser or any EDS Entity as the case may be and the Purchaser shall, on request by the Seller provide it with written evidence of any such payments.

19.3 The Seller shall bear all costs directly relating to the implementation and completion of the Disentanglement. The relevant provisions of Schedule 13 (*Tax Matters*) shall apply with respect to any Tax Liabilities arising as a result of the Disentanglement and/or any other reorganisation or steps implemented on or before Completion so that the sales to the Purchaser or Designated Purchaser in Clause 2 can be effected.

19.4 The Parties acknowledge that (i) payments made or Liabilities incurred by any member of the Seller's Group for products or services relating to the Ordinary Course of business operation of the EDS Business, and (ii) the Migration Costs are not Disentanglement costs.

20. GENERAL

Entire Agreement

20.1 The Transaction Documents constitute the entire agreement between the Parties relating to the Transaction. They supersede any previous agreements relating to the subject matter of the Transaction Documents, and set out the complete legal relationship of the Parties arising from or connected with that subject matter.

20.2 A Party is not liable to any other Party under any cause of action for a representation, warranty, collateral contract or other assurance that is not set out in this Agreement or any document referred to in this Agreement.

20.3 Each Party confirms that it does not rely on any representation, statement or warranty other than those explicitly set out in this Agreement and without limiting the foregoing it does not rely on, and shall not have the right to invoke, any warranties contained in or implied by the Laws of any jurisdiction. Each Party acknowledges and agrees that the application of the United Nations Convention on Contracts for the International Sale of Goods adopted on 16 September 1988 is excluded from this

Agreement. Without limiting the foregoing, the Purchaser acknowledges that neither the Seller nor any other member of the Seller's Group makes any warranty, representation or undertaking whatsoever express or implied as to the accuracy of any forecasts, estimates, projections, forward looking statements, statements of intent or statements of opinion provided to the Purchaser, any member of the Purchaser's Group or any of its respective Representatives.

20.4 Nothing in this Agreement shall have the effect of limiting any liability arising from fraud.

Inconsistency

20.5 If, and to the extent that there is any conflict or inconsistency between the provisions of this Agreement, and any Ancillary Agreement, this Agreement shall prevail (as between the Parties and as between any members of the Seller's Group and any members of the Purchaser's Group) unless (i) such other agreement expressly states that it overrides this Agreement in the relevant respect, and (ii) the Seller and the Purchaser are either also parties to that other agreement or otherwise expressly agree in writing that such other agreement shall override this Agreement in that respect.

20.6 Without prejudice to Clause 20.5, the Purchaser undertakes that no claim shall be made by any member of the Purchaser's Group under any of the Local Business Transfer Agreements for breach of any warranty, representation, undertaking, covenant or indemnity relating to the sale of the EDS Business (or part thereof).

Amendments

20.7 Each Transaction Document, including the provisions of this Clause 20.7, may only be amended by an instrument in writing, making explicit reference to the relevant Transaction Document, duly signed on behalf of the parties to the relevant Transaction Document.

Waivers and delay

20.8 The failure to exercise or delay in exercising a right or remedy provided by a Transaction Document or by Law does not impair or constitute a waiver of the right or remedy or an impairment of or a waiver of other rights or remedies. No single or partial exercise of a right or remedy provided by a Transaction Document or by Law prevents further exercise of the right or remedy or the exercise of another right or remedy.

Exclusive Remedies and No Termination

20.9 The sole and exclusive claim for a breach of any Seller's Warranty shall be a claim for Losses.

20.10 In the case of any breach of any other provision of this Agreement, the relevant Parties' sole and exclusive remedy shall be to claim either specific performance or Losses (also in the alternative). Subject to Clause 20.9, the Parties agree that irreparable damage would occur if any provision of this Agreement were not performed in accordance with the terms of this Agreement and

to prevent breaches of this Agreement or to enforce specifically the performance of the terms and provisions of this Agreement, without prejudice to a Party's ability to claim Losses.

- 20.11 Subject to Clauses 4.12 and 4.13 the Parties hereby waive their rights to seek or to obtain rescission, termination or avoidance of this Agreement for any reason or cause of action.
- 20.12 Despite anything to the contrary, the Parties agree that the provisions of Clauses 18 (*Announcements and Confidentiality*), 19 (*Costs*), 20 (*General*), 21 (*Notices*), 22 (*Governing Law*), 23 (*Jurisdiction*), 24 (*Process Agent*) and 25 (*Interpretation*) are not capable of valid termination.
- 20.13 Any lawful termination of this Agreement does not affect the accrued rights and obligations of the Parties at the time, including the right to claim specific performance or the right to claim Losses.

Default Interest

- 20.14 If any Party defaults in the payment when due of any amount payable under or otherwise in connection with this Agreement, then the liability of that Party shall be increased to include interest on such amount from the date when such payment is due (inclusive) under or otherwise in connection with this Agreement until the date of actual payment (exclusive) at the rate of 8.5% p.a. (eight point five percent per annum) compounded annually and calculated on the basis of actual days elapsed and a 365 day year (or 366 days in the case of a leap year) (unless such interest relates to a Tax Liability and is already reflected in the amount due).

Adjustment of Purchase Price in case of Loss

- 20.15 If any payment is made under or pursuant to this Agreement (i) by or on behalf of the Seller or any member of the Seller's Group to the Purchaser or any member of the Purchaser's Group, or (ii) by or on behalf of the Purchaser or any member of the Purchaser's Group to the Seller or any member of the Seller's Group (other than the payment of the Completion Payment Amount at Completion, the post-Completion adjustment of the Purchase Price pursuant to Clause 6 (*Post-Completion Adjustment*), or the settlement of other Intercompany balances), the same shall (to the extent legally permissible) be deemed to be made by way of adjustment of the Purchase Price paid by the Purchaser for the EDS Shares under this Agreement and the Purchase Price shall be deemed to have been reduced or increased by the amount of such payment.

Agency Structure

- 20.16 Each of the Seller and the Purchaser agrees that it is entering into this Agreement on its own behalf as principal and as agent and trustee for and on behalf of the Designated Sellers or (as the case may be) the Designated Purchasers on the basis set out in Schedule 23 (*Agency Provisions*).

Invalidity and severability

- 20.17 Should any provision of this Agreement, or any provision incorporated into this Agreement, be or become illegal, invalid or unenforceable under the Laws of any

jurisdiction, the legality, validity or enforceability in that jurisdiction of the other provisions of this Agreement shall not be affected thereby. The invalid or unenforceable provision shall be deemed to be substituted by a suitable and equitable provision which, to the extent legally permissible, comes as close as possible to the intent and purpose of the invalid or unenforceable provision. The same shall apply if any provision of this Agreement is invalid because of the scope of any time period of performance stipulated herein; in this case a legally permissible time period or performance shall be deemed to have been agreed which comes as close as possible to the stipulated time period or performance.

Assignment

- 20.18 Subject to Clause 20.19 and Clause 20.20, no Party may Convey or create a Third Party Right, purport to Convey or create a Third Party Right, declare a trust of the benefit of or in any other way alienate any of its rights or obligations under this Agreement without the prior written consent of the other Party, except that the Seller may assign any of its rights or obligations under this Agreement to any member of the Seller's Group and the Purchaser may assign any of its rights or obligations under this Agreement to any member of the Purchaser's Group (a "**Permitted Assignee**").
- 20.19 If either the Seller or the Purchaser assigns and/or transfers its rights or obligations under this Agreement to a Permitted Assignee, then:
- 20.19.1 the assigning Party shall notify the other Party as soon as practicable after the assignment and/or transfer, together with full particulars of the assignee and/or transferee;

- 20.19.2 the assigning Party shall remain irrevocably and unconditionally liable, as co-principal debtor and guarantor, to the other Party for the due and punctual performance of each obligation contained in this Agreement which is assigned by it to the Permitted Assignee on the basis that the assigning Party hereby agrees and undertakes to:
- (a) pay to the other Party from time to time on demand any sum of money which the Permitted Assignee is at any time liable to pay to the other Party or any of its Affiliates under or pursuant to this Agreement and which has not been paid by the Permitted Assignee in default of the terms of this Agreement on the basis that these obligations are primary obligations and not those of a mere surety; and
 - (b) any reference to a liability or obligation of the Permitted Assignee shall be deemed to incorporate a reference to an obligation on the part of the assigning Party to procure that the relevant liability is discharged or obligation is performed by the relevant Permitted Assignee, on the terms of and subject to the conditions set out in this Agreement;
- 20.19.3 the other Party shall have no greater liability under this Agreement than it would otherwise have had;
- 20.19.4 the other Party shall, on request from that Party, execute any agreement or other instrument (including any supplement or amendment to this Agreement)

86

that may be required to give effect to or perfect the assignment and/or transfer; and

- 20.19.5 immediately before any such Permitted Assignee subsequently ceases to be either, in relation to the Seller, any member of the Seller's Group, or, in relation to the Purchaser, any member of the Purchaser's Group, the Seller or the Purchaser (as applicable) shall be deemed to have re-assigned that benefit to either itself, or another continuing member of the Seller's Group or the Purchaser's Group, as applicable.
- 20.20 Notwithstanding the foregoing, Purchaser may, without Seller's consent, assign the benefit of this Agreement, including any right or claims arising hereunder, by way of security to any provider of any financing (including the Financing) to the Purchaser; **provided that** the Seller shall have no greater liability under this Agreement than it would otherwise have had.

Third Party Rights

- 20.21 Save as expressly otherwise stated, this Agreement does not contain any stipulation (other than in Clause 10.6) in favour of a third party. In the event that any stipulation in favour of a third party contained in this Agreement is accepted by any third party, such party will not become a party to this Agreement.

Further Assurances

- 20.22 For a period of twelve (12) months from Completion:
- 20.22.1 the Seller shall, and shall cause each member of the Seller's Group to, perform such acts and things and execute, acknowledge and deliver any documents or instruments reasonably requested by the Purchaser and reasonably necessary to effect the Transaction or for any member of the Purchaser's Group to satisfy its obligations under this Agreement or to obtain the full benefit of each Transaction Document; and

- 11.2 If, before the Seller pays any amount in respect of any Warranty Claim under this Agreement, any EDS Entity is entitled to recover (whether by payment, discount, credit, relief, insurance or otherwise) from a third party a sum which indemnifies or compensates any relevant member of the Purchaser's Group (in whole or in part) in respect of the Loss or Liability which is the subject matter of the Warranty Claim, the Purchaser shall procure that, before steps are taken against the Seller, the Purchaser will make reasonable efforts to enforce recovery against the third party and any actual recovery shall reduce or satisfy, as applicable, such Warranty Claim to the extent of such recovery, **provided that** the Seller first indemnifies the Purchaser's Group and the EDS Entities against any Tax that may be suffered on receipt of any sum recovered thereunder, together with any costs or expenses incurred in recovering such sum.

- (b) the relevant Environmental Authority or third party is, or becomes aware of the existence of the harm to health or the Environment or the risk of liability under laws (as appropriate to the particular Covenant Claim) and either (i) confirms in writing or (ii) by its behavior (whether by act or omission) in the absence of such written confirmation the parties (acting reasonably) believe that no action (including any Remedial Works) is required in relation to the issue giving rise to the Covenant Claim within the applicable time period in the Criteria in paragraph 1.1(g)(v), the Two Independent Experts or the Third Independent Expert shall be instructed to determine that the Trigger Condition has not been satisfied in relation to such Covenant Claim; and in the case of 5.2(a)(ii) the Indemnifying Party shall have no further liability in respect of that part of that Covenant Claim,

provided that in relation to any Pre-Close Non-compliance, to the extent that any Covenant Claim results from breach not including an Immaterial Breach of any relevant Environmental Permit, the Trigger Condition in paragraph (b)(ii) shall be deemed to have been met without the application of the Criteria in relation to only that part of that Covenant Claim that relates to that breach.

- 5.3 The Indemnified Party shall not be entitled to recover under this Schedule in respect of any claim for Environmental Losses in relation to any Retained Environmental Liability unless there is (i) formal service or commencement of Environmental Proceedings; (ii) a written threat of Environmental Proceedings; (iii) the receipt of a formal written notice from an Environmental Authority requiring action to be taken pursuant to Current Environmental Laws or any Environmental Agreement or (iv) an obligation that arises under an Environmental Permit or Current Environmental Laws or at the order or direction of an Environmental Authority, to carry out Remedial Works in relation to that Retained Environmental Liability. With respect to the Saint-Mihiel Retained Asbestos Liabilities, the Indemnified Party shall be entitled to recover under this Schedule, reasonable costs based on the minimum that is reasonably necessary for removal of asbestos from the surfactants production and manufacturing facility operated by the relevant EDS Entity and located at Saint-Mihiel (France) which is identified by an independent survey during a survey, which shall be conducted at Purchaser's cost (the "**Independent Asbestos Survey**") and shall be completed as soon as practicable after the Completion Date, as either (i) exposed and in an unsafe condition as specified by Current Environmental Laws or (ii) a species of asbestos for which removal is mandatory by Current Environmental Laws.

6. Limitations on Liability

The Indemnifying Party shall not be liable under this Schedule for any Environmental Losses to the extent they are increased by or result from:

- (a) any act or omission after the Completion Date on the part of the Indemnified Party or any Relevant Protected Person which is negligent;
- (b) any Environmental Losses that are the result of, arose from, or are related to a change in Environmental Laws or Environmental Permits;

129

- (c) subject to the provisos (i) (ii) or (iii) below, any material change after the Completion Date in the manufacturing processes used by the Indemnified Party or any Relevant Protected Person at any Relevant Property or the introduction after the Completion Date of any new manufacturing process by the Indemnified Party or any Relevant Protected Person at any Relevant Property (not including any such change or introduction which is required (following a valid Claims Notice) in order to address a Protected Matter);
- (d) subject to proviso (iii) below, Closure by any Indemnified Party or Relevant Protected Person at any Relevant Property after the Completion Date (not including any such Closure which results from or is required (following a valid Claims Notice) in order to address a Protected Matter or as part of any Development which is permitted subject to the application of proviso (ii) below);
- (e) subject to provisos (i) or (ii) below, the introduction by or for any Indemnified Party or Relevant Protected Person after the Completion Date of any new pathway or target at any Relevant Property which results in any Environmental Contamination migrating or causing or being likely to cause pollution of the Environment;

provided that paragraphs (c) to (e) above shall not apply to the extent that any Environmental Losses which otherwise would be excluded under one or more of paragraphs (c) to (e) are increased by or result from:

- (i) testing, repair, maintenance, replacement or upgrade of any services, plant, structures or equipment by the Indemnified Party or any Relevant Protected Person carried out for genuine reasons associated with the business operations at any Relevant Property; or
- (ii) a Development which has been genuinely planned and in relation to which (i) the Indemnifying Party has been notified in advance, and (ii) the Parties have consulted in good faith and the Indemnified Party has taken account of any reasonable requests made by the Indemnifying Party in relation to the process of obtaining permission for and carrying out the Development under Planning Law (to the extent applicable) and (iii) the Indemnifying Party has been provided with written evidence that the Development has been approved following an approval process equivalent to (or more demanding than) the approval process applied to Development of that description at the Relevant Property immediately prior to the Completion Date; or
- (iii) Closure at any Relevant Property which results from a lawful requirement on the Indemnified Party or any Relevant Protected Person pursuant to the IED or the IPPC to the extent it remains applicable to carry out Remedial Works in relation to Pre-Close Contamination or Saint-Mihiel Retained Contamination Liabilities;

provided further that in relation to paragraphs (i) to (iii) above the Parties and/or each Relevant Protected Person shall:

130

- (A) have regard to the Indemnified Party's duty to mitigate in paragraph (j);
- (B) have regard to the historic and present condition of the Relevant Property, (to the extent known, or ought reasonably to have been known, to such Indemnifying Party and/or the Relevant Protected Person and so far as it is possible to do so without materially increasing the cost of the relevant matter referred to in (a) to (c) as applicable);
- (C) act at all times as a Reasonable and Prudent Operator,

provided further that any failure to comply with any of sub- paragraphs (A) to (C) above shall not affect the Indemnified Party's right to claim for Environmental Losses, except to the extent that such failure has resulted in or increased Environmental Losses; and

provided further that sub-paragraphs (A) to (C) above shall not oblige the Indemnified Party or any Relevant Protected Person to incur any material cost, expense or liability which will not be recovered by the Indemnified Party under the covenant in paragraph 2;

- (f) change in the use of any of the Relevant Property after the Completion Date to (i) a use other than the manufacture of chemicals and all matters reasonably ancillary to that use or (ii) a use which is more environmentally sensitive than the use as at the Completion Date;
- (g) the disclosure of information by the Indemnifying Party or any Relevant Protected Person concerning any Protected Matter to any Environmental Authority or third party except where such disclosure is:
 - (i) with the prior consent of the Indemnifying Party (to the extent consent is required under paragraph 8) or is otherwise given by the Indemnifying Party in its sole discretion; or
 - (ii) necessary for compliance with Environmental Laws, Environmental Agreements, Environmental Permits or, in the context of Development, Planning Laws; or

(iii)

- (A) to the insurers, professional advisors, auditors or bankers of the Indemnified Party or any Relevant Protected Person as is reasonably necessary; or
- (B) if and to the extent required by any securities exchange as reasonably necessary; or

131

- (iv) following the satisfaction of the Trigger Condition at paragraph 5(b)(i) or (ii), if a Reasonable and Prudent Operator would make such disclosure; or
 - (v) reasonably made in an Emergency;
- (h) the undertaking or initiation of or procuring of any intrusive investigations or assessments or sampling or testing of soil, sub-surface water or groundwater (“**Intrusive Investigations**”) at any Relevant Property, except for:
- (i) any Intrusive Investigations required as part of any application for an Environmental Permit by or on behalf of any Indemnified Party or Relevant Protected Person;
 - (ii) where such Intrusive Investigations are required by lawful court order or under any Environmental Agreement;
 - (iii) to retain or comply with any Environmental Laws or Environmental Permit;
 - (iv) the Independent Asbestos Survey performed to identify whether asbestos is present at the surfactants production and manufacturing facility operated by the relevant EDS Entity and located at Saint-Mihiel (France);
 - (v) where such Intrusive Investigations are necessary in the context of any matter or action which is permitted under the provisos in respect of paragraphs 6(c) and (d);
 - (vi) in an Emergency; or
 - (vii) as part of any Remedial Works determined in accordance with paragraph 8 hereof;
 - (viii) in respect of any information concerning or indicating the likely presence of Pre-Close Contamination which is not Existing Information and which becomes known to the Indemnified Party Group and/or any Relevant Protected Person after the date of Completion and both:
 - (A) such information gives reasonable grounds for believing that such Environmental Contamination exists and for believing that a Trigger Condition is satisfied in relation to such Environmental Contamination; and
 - (B) such Intrusive Investigations would be carried out by a Reasonable and Prudent Operator, subject to a Warning Notice having been given to the Indemnifying Party prior to such Intrusive Investigations being carried out and in accordance in all material respects with the provisions of paragraph 8 of this Schedule;

132

- (i) the carrying out of Remedial Works which are to a standard which exceeds the Remedial Works Standard;
- (j) the taking by an Indemnified Party or Relevant Protected Person of any action or step which is deliberately calculated or designed to give rise to a Trigger Condition becoming satisfied and a Covenant Claim or Retained Environmental Liability Claim being made it being recognized that (i) the disclosure of environmental conditions that are required to be disclosed under Current Environmental Law to the Environmental Authority in association with Environmental Permit obligations at the surfactants production and manufacturing facilities operated by the relevant EDS Entity and located at Saint-Mihiel (France), which are expected to occur in 2018, and (ii) the Independent Asbestos Survey shall not trigger this limitation.

7. Mitigation

7.1 The Indemnified Party shall and shall procure that any Relevant Protected Person shall take all reasonable steps to mitigate any Environmental Losses under this Schedule, subject to compliance with the provisions of this Schedule and **provided that** this paragraph 7.1 shall not oblige the Indemnified Party or any Relevant Protected Person to incur any cost, expense, loss or liability which will not be recovered by the Indemnified Party under the applicable covenant in paragraph 2.

7.2 In the event of any circumstances arising which do or are reasonably likely to give rise to a Covenant Claim or Retained Environmental Liability Claim neither the Indemnifying Party, the Indemnified Party nor any Relevant Protected Person in relation

to either of them shall make any public statements regarding such circumstances without first discussing with the Indemnifying Party and reaching written agreement (such agreement not to be unreasonably withheld or delayed, and to be given in any of the circumstances provided for in paragraph 6(h) (i) to (vi) on the text of any such public statement before it is made.

8. **Covenant Claims and Retained Environmental Liability Claims**

8.1 The following shall apply in relation to any Covenant Claim or Retained Environmental Liability Claim:

- (a) The Indemnified Party shall immediately upon becoming aware of a matter that may reasonably be expected to give rise to a Covenant Claim or Retained Environmental Liability Claim (a “**Warning Event**”) give written notice thereof to the Indemnifying Party (a “**Warning Notice**”); and either
 - (i) state in the Warning Notice that such notice should be deemed to be the actual making of a Covenant Claim or Retained Environmental Liability Claim in relation to the relevant matter; or
 - (ii) where paragraph (i) does not apply and the Indemnified Party wishes to make a Covenant Claim or Retained Environmental Liability Claim in relation to the relevant matter, provide a further notice stating that the Indemnified Party is by virtue of that further notice making a

133

Covenant Claim or Retained Environmental Liability Claim (“**Claims Notice**”).

- (b) On giving a Warning Notice, the Indemnified Party shall supply the Indemnifying Party with copies of all notices, directions, reports or material correspondence in the possession of any Relevant Protected Person and relating to such matter (and thereafter will keep the Indemnifying Party fully informed of all material developments relating thereto).
- (c) When the Indemnified Party’s awareness of the relevant Warning Event arises during the carrying out for an Indemnified Party of an act permitted by provisos to paragraph 6 (“**Permitted Acts**”) then as soon as practicable upon becoming aware of such matter, the Permitted Acts shall be suspended to the extent they affect the relevant Protected Matter (unless the parties agree otherwise (acting reasonably)) until a Warning Notice has been so given.
- (d) Any delay or defect in such Warning Notice and/or the Claims Notice or such information shall not invalidate any Covenant Claim or Retained Environmental Liability Claim, subject nevertheless in the case of delay to the provisions of paragraph 4 hereof, but to the extent that such delay or defect prejudices the Indemnifying Party or increases any Environmental Losses the Indemnifying Party shall not be liable in respect of such prejudice or increase.
- (e) The Warning Notice and, if applicable, the Claims Notice shall:
 - (i) include all reasonable material details of any actual or potential Environmental Losses, including the Indemnified Party’s reasonable estimate of the Environmental Losses, so far as reasonably available to the Indemnified Party as at the date of such written notice;
 - (ii) not include any privileged legal advice given to the Indemnified Party or any Relevant Protected Person in order for that person to assess the merits of, or advice in relation, to the conduct of a Covenant Claim or Retained Environmental Liability Claim.

For the avoidance of doubt, if the Indemnified Party gives notice under this paragraph in relation to a particular matter and there is a subsequent change in circumstances or knowledge in relation to such matter, the Indemnified Party shall be entitled to provide a further notice replacing that originally or previously given.

8.2 Upon receipt of any Warning Notice in relation to any Protected Matter or on the occurrence of a Warning Event, the parties shall enter into communication and shall act in good faith to agree the extent to which (if at all) any of the Trigger Conditions is satisfied.

8.3 If a Warning Notice is received by the Indemnifying Party, or a Warning Event has occurred in relation to an actual or potential Protected Matter, subject always to the terms of paragraph 8.5 then, to the extent that it will not materially affect any buildings, plant or equipment and/or interfere unreasonably with the operations of the business of the Indemnified Party or any Relevant Protected Person at the Relevant

134

Property the Indemnified Party shall, if so requested by the Indemnifying Party (a “**Control Request**”) within a reasonable time, but not to exceed 10 Business Days after receipt of the Claims Notice (SAVE THAT any delay in such Control Request shall not preclude the Indemnifying Party from making a Control Request at a later date if there is a subsequent change in circumstances or knowledge in relation to such matter which is relevant and material which comes to the attention of the Indemnifying Party), allow the Indemnifying Party to take conduct and control in relation to the relevant actual or potential Protected Matter. If the Indemnifying Party takes control under this paragraph 8.3, then with effect from the date of the Control Request and in relation to

such actual or potential Protected Matter:

- (a) the Indemnified Party shall at the request of the Indemnifying Party take all steps which are reasonably necessary to avoid, mitigate, dispute, resist, appeal, settle, compromise, contest or defend any claim and any adjudication in respect thereof;
- (b) the Indemnifying Party shall, at its request, be allowed to conduct any negotiations, proceedings, appeals or Remedial Works;
- (c) the Indemnifying Party shall not take any action which would unreasonably interfere with the carrying on of any business of the Indemnified Party or any Relevant Protected Person nor prejudice or delay any application by any Relevant Protected Person or compliance with any Environmental Permit nor unreasonably prejudice or delay any Development or Closure and the Indemnifying Party shall not, except where absolutely necessary and with the consent of the Indemnified Party (such consent not to be unreasonably withheld or delayed) reveal any information to the Environmental Authority or any other person where to do so may result in the loss of legal or other privilege;
- (d) the Indemnified Party shall allow the Indemnifying Party access to the Relevant Property including the right to carry out any Remedial Works in accordance with the Remedial Works Standard and to documents or other information in the Indemnified Party's possession or control or any Relevant Protected Person as reasonably required by the Indemnifying Party (and not including where relating to the merits or conduct of the Indemnified Party's Covenant Claim or Retained Environmental Liability Claim).

8.4 When the Seller and the Purchaser have each issued a Control Request in circumstances where the exercise of conduct and control by Seller (in relation to the actual or potential Protected Matter for which the Seller is Indemnifying Party) and by the Purchaser (in relation to the actual or potential Protected Matter for which the Purchaser is Indemnifying Party) would potentially be in conflict (for example, without limitation, because a single body of Environmental Contamination is involved), the Parties shall expeditiously consult with each other and cooperate in relation to the related Remedial Works where it would be reasonably practicable to do so. Where the Parties do not agree to cooperate, the Control Request given by the Indemnifying Party with the greatest reasonably anticipated exposure to liability for Environmental Losses under this Schedule in respect of matters which are subject to or affected by the Control Requests shall prevail and the Control Request given by the other or affected by Indemnifying Party shall be deemed ineffective.

8.5 The right of the Indemnifying Party to take control and conduct is subject to the Indemnifying Party:

- (a) admitting liability to the Indemnified Party in relation to the relevant actual or potential Protected Matter but only where such matter is, subject to the application of this Schedule, either (i) agreed or (ii) determined by the Expert Procedure to be the responsibility of the Indemnifying Party otherwise such admission of liability will not be a prerequisite for taking control;
- (b) paying the Indemnified Party or the Relevant Protected Person in advance the full cost of taking or carrying out any step or action required by the Indemnifying Party under this paragraph 8;
- (c) if at any time during the Indemnifying Party's conduct of any works or investigations relating to the actual or potential Protected Matter the Indemnifying Party reasonably considers that the Indemnified Party will have (following determination by the Expert Procedure or otherwise) the greatest reasonably anticipated exposure to liability for Environmental Losses which are likely to arise in relation to that Protected Matter then the Indemnifying Party will as soon as is reasonably practicable provide a written notice to that effect to the Indemnified Party, who will have the right to take over control and conduct from the Indemnifying Party.

8.6 The Control Party shall, subject always to the provisions of paragraphs 8.1 to 8.5 (where applicable) in relation to the relevant actual or potential Protected Matter:

- (a) promptly provide to the other Party reasonably frequent and detailed reports regarding progress in relation to such matter (including any relevant Environmental Proceeding or Remedial Works), copies of all material reports, correspondence and documents passing between the parties to the relevant Environmental Proceeding (if applicable) and copies of all draft and final documents to be presented in court (if applicable);
- (b) obtain the other Party's prior written consent to any material correspondence with the Environmental Authority or any relevant third party claimant in relation to Remedial Works in relation to such matter, such consent not to be unreasonably withheld or delayed, it being unreasonable for the such other Party to withhold or delay consent to Remedial Works which comply with the Remedial Works Standard;
- (c) not make and shall ensure that no Relevant Protected Person (where the Indemnified Party is the Control Party) makes any admission of liability, agreement, settlement or compromise with any third party or any Environmental Authority in relation to such matter without prior consultation with, and the written consent of, the Indemnifying Party (which consent shall not be unreasonably withheld or delayed and it shall be unreasonable to withhold or delay consent in relation to Remedial Works which comply with the Remedial Works Standard);

- (d) give the other Party sufficient notice of and allow it to attend as an observer at any site visits, meetings or discussions with the other persons involved as a party or parties to the Environmental Proceedings (if applicable);
- (e) allow the other Party to attend and participate at meetings to be held by the Control Party in order to discuss progress in relation to such matter (not including any such meetings to the extent relating to the merits of or conduct of the Indemnified Party's Covenant Claim or Retained Environmental Liability Claim);
- (f) allow the other Party to provide reasonable requests in respect of such matter to which the Control Party shall have regard;
- (g) negotiate in good faith with the other Party in order to agree the extent of any Remedial Works which are required (if any);
- (h) procure that the Remedial Works in relation to such matter are carried out:
 - (i) as soon as reasonably practicable after the scope of works is consented to above, or is determined under the Expert Procedure;
 - (ii) by appropriately qualified and reputable environmental consultants (or other contractors);
 - (iii) in compliance with all relevant law (subject to paragraph (iv) immediately below);
 - (iv) in accordance with the scope of works and the Remedial Works Standard and using all reasonable endeavours to ensure that it is undertaken by the relevant contractors or consultants using reasonable skill and care and minimizing any disruption to the conduct of the relevant business;
- (i) conduct any such Remedial Works so as not to unreasonably delay or prejudice any Development or Closure (which is permitted under the provisos to paragraph 6(d) or (e));

provided that this paragraph 8.6 shall not oblige the Indemnified Party or any Relevant Protected Person to incur any cost, expense, loss or liability which will not be recovered by the Indemnified Party under the covenant in paragraph 2;

and **provided further that** in the event of any material failure by the Control Party to comply with this paragraph 8, the other Party shall be entitled to serve a notice ("**Default Notice**") on the Control Party. If the relevant failure is not reasonably corrected within 20 business days of the date of the Default Notice, the other shall be entitled to take control and conduct from the Control Party (and paragraph 8.3 shall not re-apply).

- 8.7 Upon completion of any Remedial Works, the Control Party shall procure that its environmental consultant (or other contractor) carrying out the Remedial Works shall supply to the other Party (at the Indemnifying Party's cost) a written certificate or warranty in a form reasonably satisfactory to the other Party, that such Remedial

Works have been completed in accordance with paragraph 8.6 or (where applicable) any different standard agreed in writing between the parties in the scope of works.

- 8.8 In the event that the Indemnifying Party and the Indemnified Party are unable to agree:
- (a) whether or not any Trigger Condition is met; and/or
 - (b) the Remedial Works Standard; and/or
 - (c) whether or not Intrusive Investigations and/or a public announcement fall within the exceptions to paragraphs 6 (*Limitations on Liability*) or paragraph 7.2; and/or
 - (d) which Party has the greatest reasonably anticipated exposure to Environmental Losses, as referred to in paragraph 8.4; and/or
 - (e) when a Warning Notice should have been given or when a Warning Event has occurred; and/or
 - (f) any other factual or technical issue relating to an actual or potential Protected Matter (but not any legal matter relating to the interpretation of this Schedule);

(an "**Unresolved Issue**") within twenty (20) Business Days after receipt by either Party of notice from the other that the relevant issue is in dispute and that the Party giving such notice requires expert determination (unless it is resolved to the satisfaction of that Party during that period) then either Party shall have the right thereafter to refer tile Unresolved Issue for binding

determination to two independent experts one appointed by the Indemnified Party and one by the Indemnifying Party (the “**Two Independent Experts**”). If either Party fails to appoint an expert within fifteen (15) Business Days of referral then that Party’s independent expert will be appointed by the President for the time being of the Institution of Civil Engineers in the United Kingdom. The Two Independent Experts shall publish their jointly agreed determination within twenty (20) Business Days after their appointment (if they reach such a determination) of the Unresolved Issue in a private and confidential report to the two parties. The Two Independent Experts shall act as experts and not as arbitrators and the parties shall be bound by the conclusions of the Two Independent Experts which are contained in such report to the extent they relate to the Unresolved Issue.

- 8.9 The costs and expenses of the Two Independent Experts shall be borne by the parties as agreed between the Two Independent Experts or, in the event of disagreement, as determined by the Third Independent Expert in accordance with paragraph 8.12 below.
- 8.10 Each of the Two Independent Experts shall be an independent Consultant and shall be required to have at least ten (10) years’ experience in relation to matters of the same general description as the relevant Protected Matter.
- 8.11 The Two Independent Experts shall be instructed to reach their determination within twenty (20) Business Days of their appointment of the Unresolved Issue on the basis of the Criteria (where applicable) and the information provided by the parties, unless one or both of the Two Independent Experts *bona fide* believe that such information is so incomplete, unrepresentative, unreliable or inconclusive that it would be

138

unreasonable for an expert to reach such a determination of the Unresolved Issue on that basis (“**Deficient Information**”),

- 8.12 In the event that the Two Independent Experts report that they are not able to determine the Unresolved Issue on the grounds of Deficient Information or because they disagree, then:
- (a) the parties shall discuss and seek to agree what further information to provide to the Two Independent Experts in order to enable them to determine the issue; or
 - (b) if the parties agree within ten (10) Business Days to provide further information to the Two Independent Experts this shall be provided within ten (10) Business Days and the Two Independent Experts shall have a further fifteen (15) Business Days to reach their determination in accordance with paragraphs 8.8, 8.9 and 8.11;
 - (c) if paragraph 8.12(b) does not apply, or if paragraph 8.12(b) does apply and the Two Independent Experts for some reason do not determine the Unresolved Issue pursuant to paragraph 8.12(b), the parties acting in all good faith and using reasonable endeavours shall seek to agree on and appoint a third independent environmental consultant having at least ten years’ experience in respect of factual environmental disputes (the “**Third Independent Expert**”) (who shall act as an expert and not as an arbitrator) to determine the Unresolved Issue. The Third Independent Expert shall be offered the appointment within 7 days of the parties reaching such mutual agreement and all reasonable details of the matter in dispute between the parties shall be referred to the Third Independent Expert for final determination (the “**Referral**”). Failing such mutual agreement on the appointment of the Third Independent Expert, the parties shall promptly refer the issue of who to appoint, at their joint cost, to the President for the time being of the Institute of Chartered Civil Engineers in the United Kingdom with instructions to appoint a suitable independent Third Independent Expert within 7 days of receipt of such instructions who has not personally been previously engaged (in the period of three years prior to the date of any Claims Notice) and shall not be so employed in the period of three years following such date on a consistent or substantial basis either individually or as an employee of any firm which has been so previously engaged (and subject always to such Third Independent Expert not being engaged to carry out any Remedial Works pursuant to this Schedule);
 - (d) both parties shall within fifteen (15) Business Days of the Referral, promptly and simultaneously, exchange with each other and submit to the Third Independent Expert, and in any event in accordance with the Third Independent Expert’s written directions, their arguments and submissions in connection with the Unresolved Issue;
 - (e) the Unresolved Issue shall be determined by the Third Independent Expert who shall be instructed to reach such determination on the basis of the Criteria (where applicable) and the information provided by the parties and the Two Independent Experts as soon as practicable (and in any event within thirty (30)

139

Business Days of the date of the Referral) at which time the Third Independent Expert shall be required to serve on each Party his formal and full written opinion (the “**Final Notice**”);

- (f) the Final Notice shall be final and binding on the parties and shall be conclusive in any proceedings between the parties hereto as to the Unresolved Issue; and
 - (g) the fees and expenses of the Third Independent Expert shall be borne equally by the Indemnifying Party and the Indemnified Party (unless otherwise directed by the Third Independent Expert);
- 8.13 In relation to an Unresolved Issue under paragraph 8.8(a) which is referred to the Third Independent Expert, the Third

Independent Expert shall be instructed to determine the Unresolved Issue on the basis of the Criteria and the information provided by the parties, unless the Third Independent Expert also *bona fide* believes that such information is Deficient Information. In the case of Deficient Information, the Third Independent Expert shall be instructed to either:

- (a) determine that it would be practicable and reasonable to carry out further investigations in order to enable the Unresolved Issue to be determined, in which case such further investigations shall be carried out and paragraphs 8.8 to 8.12 shall be re-applied; or
- (b) determine that it would not be practicable and reasonable to carry out further investigations in order to enable the Unresolved Issue to be determined, in which case the Third Independent Expert shall decide the Unresolved Issue on the most fair and reasonable basis available.

9. **Recovery from Insurers and other Third Parties**

If, in respect of any matter which would give rise to a Covenant Claim or Retained Environmental Liability Claim under this Schedule, the Indemnified Party or any Relevant Protected Person is entitled to recover or has recovered, from any third party, any sum by reason of or in respect of the matter giving rise to the Covenant Claim or Retained Environmental Liability Claim then the Indemnified Party shall take and shall ensure that each Relevant Protected Person will take, such steps to obtain such recovery as the Indemnifying Party may reasonably request, and the amount of the Covenant Claim or Retained Environmental Liability Claim shall be reduced by the amount of the recovery (less reasonable costs and expenses incurred by the Indemnified Party or the Relevant Protected Person in effecting such recovery).

10. **Payment**

The Indemnifying Party shall pay the Indemnified Party any amount which is due to be paid pursuant to the terms herein on or before the date falling twenty (20) Business Days after the amount of Environmental Losses has been finally agreed or determined in accordance with this Schedule or such other timescales or payment dates as are agreed between the parties in respect of an agreed settlement of any Covenant Claim or Retained Environmental Liability Claim by the parties.

140

11. **Applicability of Provisions of Sale Agreement**

- 11.1 The following Clauses of this Agreement shall not apply to this Schedule 12: Clauses 20.18, 20.19 and 20.20.
- 11.2 In relation to the giving of any notices under this Schedule 12 the provisions of Clause 21 of this Agreement shall apply.

12. **Assignment**

- 12.1 This Schedule 12 shall be binding upon and enure for the benefit of the successors of the parties and the benefit shall be assignable in whole or in part to any third party **provided always that** the burden of this Schedule 12 shall remain with the Seller or with the Purchaser as appropriate.
- 12.2 For the avoidance of doubt the benefit of this Schedule 12 may be assigned:
 - (a) By the Seller to any other member of the Retained Group and by such a member to any other member of the Retained Group, **provided that** if such a member to which this Schedule 12 is assigned ceases to be a member of the Retained Group, it shall assign the benefit of this Schedule 12 to a member of the Retained Group.
 - (b) By the Purchaser to any other member of the Purchaser's Group and by such member to any other member of the Purchaser's Group **provided that** if such member to which this Schedule is assigned ceases to be a member of the Purchaser's Group, it shall assign the benefit of the Schedule to a member of the Purchaser's Group.

For the avoidance of doubt, the Seller and the Purchaser hereby confirm that notwithstanding any assignment as permitted pursuant to this paragraph 12 each of their respective obligations and liabilities under this Schedule 12 shall remain in full force and effect.

13. **Other Claims**

- 13.1 The Parties acknowledge that the terms of this Schedule 12 contain the Indemnified Party's and any Relevant Protected Person's only rights whatsoever to claim under this Agreement in respect of Protected Matters and Retained Environmental Liabilities, provided however if such a claim under this Schedule could also give rise to a claim under the Environmental Warranties the Indemnified Party can elect to bring its claim either under this Schedule 12 or under Clause 9.5 and further **provided that** this paragraph does not apply in relation to fraud, dishonesty or any other circumstances in which exclusion is not permitted by applicable law.

141

**Huntsman Completes Sale of European Surfactants Business;
 Enables \$260 Million Early Repayment of Debt**

THE WOODLANDS, Texas — Huntsman Corporation (NYSE: HUN) announced today that it has completed the sale of its European surfactants business to Innospec Inc. (NASDAQ: IOSP) for an enterprise value of \$225 million. This business represented approximately \$24 million of EBITDA in 2015. Huntsman intends to make a \$260 million early repayment of debt using proceeds from the sale and existing cash. This debt repayment is in addition to the recent debt reductions of \$100 million in September 2016 and \$100 million in July 2016.

Huntsman remains committed to its global surfactants business, including in the United States and Australia, where its differentiated surfactants businesses are backward integrated into essential feedstocks. Huntsman retained certain core products strategic to its global agrochemicals, lubes and other businesses and entered into supply and long-term tolling arrangements with Innospec to allow Huntsman to continue marketing some of these products.

The sale of the European surfactants business represents another step in Huntsman's strategic transformation of its Performance Products business, which recently expanded its downstream positioning with a polyetheramines expansion in Singapore and is currently undertaking a substantial cost savings and business improvement initiative.

Peter R. Huntsman, President and CEO, commented:

"By completing the sale of this business, we are executing our plan to focus on businesses within our portfolio with a greater long term strategic fit, while continuing to grow our downstream differentiated businesses. With the early repayment of another \$260 million of debt using proceeds from the sale and existing cash, we have now repaid approximately \$550 million of debt in 2016 and significantly strengthened our balance sheet."
