Item 8.01. Other Events.

On December 4, 2017, Huntsman Corporation (“Huntsman”) issued a press release announcing that it successfully completed its secondary public offering of Venator Materials PLC, a subsidiary of Huntsman, and received net proceeds of approximately \$471 million. On December 5, 2017, Huntsman used these proceeds, together with cash on the balance sheet, to repay in full the \$511 million remaining on its Term Loan B due 2023. Huntsman no longer has any senior secured term loans outstanding under its senior credit facilities, but will continue to have access to its revolving credit facility, which remains undrawn. The reduction of Huntsman’s debt will reduce annual cash interest expense by approximately \$20 million on an annual basis, which is in addition to the previously disclosed approximately \$70 million of annualized interest savings achieved this year as a result of prior debt repayments.
